PRESS RELEASE

Da Vinci Capital Management has established a strategic consortium with ORIS law firm, a premier legal advisor in Kazakhstan. The main activities of the consortium will be PE investments, private and public placement of securities, management consulting services, transaction advisory and improvement of corporate governance standards.

Da Vinci Capital Management sees great potential in joint business development in the field of private equity in Kazakhstan. Coordination of the efforts and resources of both companies will expand the range of the targeted industries, facilitate better quality analysis of the investment projects, increase the capitalization of portfolio companies and assist in developing the business internationally.

Consortium Da Vinci Capital & ORIS will be focusing on the work with small and mid-cap companies in Kazakhstan. One of the main activities will be providing access for local companies to the international capital markets.
